This agency participates in the Memphis/Shelby County Management Information System (MSCCOC-MIS) by collecting information, over time, about the characteristics and service needs of men, women, and children experiencing homelessness or at-risk of homelessness.

To provide the most effective services in moving people from homelessness to permanent housing, we need an accurate count of all people experiencing homelessness in Memphis/Shelby County. In order to make sure that clients are not counted twice if services are provided by more than one agency, we need to collect some personal information. Specifically, we need: **name, birth date, social security, race, and last permanent zip code.** Your information will be stored in our database for 7 years.

- The data you provide will be combined with data from other providers providing housing, shelter, and supportive services for the purpose of further analysis. Your name and other identifying information will not be included in any reports or publications. Only a limited number of staff members in the research division who have signed confidentiality agreements will be able to see this information.
- Your decision to participate in the MSCCOC-MIS will not affect the quality or quantity of services you are eligible to receive from this agency, and will not be used to deny outreach, shelter or housing. However, if you do choose to participate, services in the city/county may improve if we have accurate information about homeless individuals and the services they need.
- We will guard this information with strict security policies to protect your privacy. Our computer system is highly secure and uses up-to-date protection features such as data encryption, passwords, and identity checks required for each system user. If you ever suspect the data in MSCCOC-MIS has been misused, immediately contact the MSCCOC-MIS Administrator (Tanyce A. McCray0Davis) at tanyce@cafh.org or call (901) 527-1302 Ext. 306.
